Background

VanEck regularly reviews its product range and distribution capacity in order to adapt them to the needs of investors and the product demand. Following the last review, it was decided to discontinue the offering and listing of the Sub-funds in Switzerland due to insufficient demand. VanEck remains committed to providing a broad range of VanEck ETFs in Switzerland.

Timeline

The FINMA authorization to offer the shares in the Sub-funds to non-qualified investors in Switzerland is waived as from 20 March 2024 and as from the same date the Sub-funds will no longer have a Swiss representative and a Swiss paying agent.

On the primary market, the Authorized Participants have the right to request the redemption of their shares in the Sub-Funds from the Swiss paying agent until 19 March 2024.

For the secondary market orders, the last day for trading on SIX is 19 March 2024 (“**Last Trading Date**”).

The Sub-funds will be delisted from SIX on 20 March 2024 (“**Delisting Date**”).

From the date of this notice until the Last Trading Date, the Sub-funds can be traded normally. As of the Delisting Date, investors can continue to hold Shares in the delisted Sub-funds but you will no longer be able to trade those on SIX. Therefore, should you wish to sell your shares after the Last Trading Date, you will need to transfer those shares to a different Exchange on which the Sub-funds are listed. Please note that at least one listing on another European Exchange will be maintained.

**Costs**

There are no additional costs for the investors due to the delisting of the Sub-funds from SIX Swiss Exchange.
