The majority, and possibly all, of the dividend distributions will be paid out of net investment income earned by the Funds. A portion of these distributions may come from net short-term or long-term realized capital gains or return of capital.

The final tax treatment of these dividends will be reported to shareholders on their 1099-DIV form, which are mailed after the close of each fiscal year. The amount of dividends paid by each Fund may vary from time to time. Past amounts of dividends are no guarantee of future dividend payment amounts.
