Fund Description

The VanEck Vectors® Preferred Securities ex Financials ETF (PFXF®) seeks to replicate as closely as possible, before fees and expenses, the price and yield performance of the Wells Fargo® Hybrid and Preferred Securities ex Financials Index. The Index is intended to track the overall performance of U.S.-listed preferred securities excluding those with a financial sector classification, including securities that, in Wells Fargo Securities LLC's judgment, are functionally equivalent to preferred securities such as convertible securities, depository preferred securities and perpetual subordinated debt.

In the absence of temporary expense waivers or reimbursements, the 30-Day SEC Yield for VanEck Vectors Preferred Securities ex Financials ETF would have been 5.37% on 10/31/19. The performance data quoted represents past performance. Past performance is not a guarantee of future results. Performance information for the Fund reflects temporary waivers of expenses and/or fees. Had the Fund incurred all expenses, investment returns would have been reduced. Investment return and value of the shares of the Fund will fluctuate so that an investor's shares, when sold, may be worth more or less than their original cost. Performance may be lower or higher than performance data quoted. Fund returns reflect dividends and capital gains distributions. Net asset value (NAV) per share is calculated by subtracting total liabilities from the total assets, then dividing by the number of shares outstanding. Share price is the last price at which shares were traded on the Fund's primary listing exchange. Performance current to the most recent month end is available by calling 800.826.2333 or by visiting vanek.com. Index returns are not Fund returns and do not reflect any management fees or brokerage expenses. Certain indices may take into account withholding taxes. Investors can not invest directly in the Index. Returns for actual Fund investors may differ from what is shown because of differences in timing, the amount invested and fees and expenses. Index returns assume that dividends have been reinvested.
