**NEW YORK, NY (October 27, 2023)** – [VanEck](#) celebrates taking home three trophies at last night’s unveiling of the winners of the 2023 ETF Express US Awards.

At a well-attended awards ceremony in Manhattan, the firm received awards for:

- Best Commodity ETF Issuer (\$100 million - \$1 billion)
- Best Crypto Linked Issuer
- Best Mixed-Allocation ETF Issuer (\$1 billion+)

“My colleagues and I are thrilled and honored to receive these awards from the ETF Express team and their readers,” said Ed Lopez, Head of ETF Product with VanEck. “We’re equally excited about the fact that these awards cover a wide range of priority areas for our firm; areas where VanEck has long been a leader not only in developing funds but also in educating the marketplace about the roles these approaches can play in a range of portfolios.”

Launched in 2019, the ETF Express US Awards are designed to recognize the leading asset managers and service providers in the fast-growing American ETF marketplace.

## About VanEck

VanEck has a history of looking beyond the financial markets to identify trends that are likely to create impactful investment opportunities. We were one of the first U.S. asset managers to offer investors access to international markets. This set the tone for the firm’s drive to identify asset classes and trends – including gold investing in 1968, emerging markets in 1993, and exchange traded funds in 2006 – that subsequently shaped the investment management industry.

Today, VanEck offers active and passive strategies with compelling exposures supported by well-designed investment processes. As of September 30, 2023, VanEck managed approximately \$76.4B in assets, including mutual funds, ETFs and institutional accounts. The firm’s capabilities range from core investment opportunities to more specialized exposures to enhance portfolio diversification. Our actively managed strategies are fueled by in-depth, bottom-up research and security selection from portfolio managers with direct experience in the sectors and regions in which they invest. Investability, liquidity, diversity, and transparency are key to the experienced decision-making around market and index selection underlying VanEck’s passive strategies.

Since our founding in 1955, putting our clients’ interests first, in all market environments, has been at the heart of the firm’s mission.
